

# ROAD MAP

## ACCESS

- 1 Press and release the **mode** button - the lock icon turns off
  - 2 When the lock icon reappears, immediately **press and hold** the **mode** button - the lock icon turns off again
  - 3 When the lock icon appears again, **release** the **mode** button - The OPTIMA 3™ is now in **ACCESS** mode.
- Note: The OPTIMA 3™ exits ACCESS and returns to the Main Window if no button has been pressed within 5 seconds. ALL functions (except Power ON) can be performed ONLY when OPTIMA 3™ is in ACCESS mode.

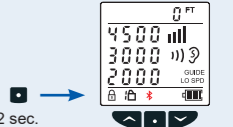

The OPTIMA 3™ has been powered OFF prior to shipping from our factory. To turn the **power ON**, press and hold any key until the unit beeps, then release the key.

To save battery power, the display will switch OFF after 2 minutes of inactivity. However, the OPTIMA 3™ is still ready for jumping. **Press any key or lift the unit** to display the Main Window.

### Using the OPTIMA 3™ with the JumpTrack App.

- 1 Download and install the JumpTrack App from App Store or Google Play
- 2 Make sure Bluetooth® is activated on your phone.
- 3 Press and hold the mode button for 2 seconds to enable Bluetooth® pairing on your OPTIMA 3™.

When the Bluetooth® icon flashes in the display of your OPTIMA 3™, your altimeter is ready to pair.

- 4 Pair your device in the JumpTrack App and not from the Bluetooth® settings on your phone.

In the App, go to **Altimeters > Add altimeter**. From the list of available altimeters find your device and press the **Connect** button.

- 5 Your OPTIMA 3™ is now connected.

Note: ACCESS is disabled for all settings while connected to JumpTrack via Bluetooth®.

Note: To enable Double Tap Bluetooth® activation, hold the mode button for 10 seconds. Enable or disable TAP using or , and press to save the setting. With Double Tap enabled, firmly double tap the front or back of the case of your OPTIMA 3™ to enable or disable Bluetooth®.
