

ROAD MAP

ACCESS

- Press and release the **mode** button - the lock icon turns off
 - When the lock icon reappears, immediately **press and hold** the **mode** button - the lock icon turns off again
 - When the lock icon appears again, **release** the **mode** button - The QUATTRO 3™ is now in **ACCESS** mode.
- Note: The QUATTRO 3™ exits ACCESS and returns to the Main Window if no button has been pressed within 5 seconds. ALL functions (except Power ON) can be performed ONLY when the QUATTRO 3™ is in ACCESS mode.*

Using the QUATTRO 3™ with the JumpTrack App.

- Download and install the JumpTrack App from App Store or Google Play
- Make sure Bluetooth® is activated on your phone.
- Press and hold the mode button for 2 seconds to enable Bluetooth® pairing on your altimeter.

When the Bluetooth® icon flashes in the display of your QUATTRO 3™, your altimeter is ready to pair.

- Pair your device in the JumpTrack App and not from the Bluetooth® settings on your phone.

In the App, go to **Altimeters > Add altimeter**. From the list of available altimeters find your device and press the **Connect** button.

- Your QUATTRO 3™ is now connected.

Note: ACCESS is disabled for all settings while connected to JumpTrack via Bluetooth®.

Note: To enable Double Tap Bluetooth® activation, hold the mode button for 10 seconds. Enable or disable TAP using or , and press to save the setting. With Double Tap enabled, firmly double tap the front or back of the case of your QUATTRO 3™ to enable or disable Bluetooth®.
